Vitamin A 1250000 IU, Vitamin D3 125000 IU, Vitamin B6 20mg, Vitamin E 1200mg, Vitamin H 100Mcg, Niacinamide 1000mg, Cobalt 200mg, Copper 1200mg, Iodine 300mg, Iron 1500mg, Magnesium Sulphate 6000mg, Manganese Sulphate 1500mg, Potassium 100mg, Selenium 10mg, Sodium 5.9mg, Chromium Sulphate 200mg, Sulphur 0.72%, Zinc 9600mg, Calcium 35%, Phosphorus 17.5%, Trisodium Citrate 50mg, Chloine Chloride 60mg, Bio Active Chromium 35mg, By Pass Fat 50mg, Energy 2000 Kcal Live Yeast Culture 25-109, L.lysine 4400mg, D.l.methionine 2000Mg, Lacto Bacillus Sporogenes 75, Billion Cfu With Natural Herbs

Presentation

1 kg, 5 kg & 25 kg

Unique combination of nutritional supplements fortified with by pass fat, methionine and potent herbs with extra power of jivanti, shatawari and ashwagandha enriched with probiotics, amino acids, enzymes with chelated vitamins and minerals. Methochilated minerals and vitamins with live yeast and lactobacillus for better productivity, growth and for better milk production.

BENEFITS:

- ▶ Effective for weak animal and improve immune system.
- ▶ Highest reproduction efficiency.
- ▶ Higher growth and milk production.
- ▶ Provide healthy animal and healthy calf.
- ▶ For prevention of nutritional deficiency.
- ▶ Improving digestive strength.

DOSAGE

- ▶ 25 to 30 g per large animals per day to be mixed in feed for better health and maintenance and to avoid the inferlity problems.
- ▶ 10 to 15 g per calf/goat per day to be mixed in the feed for better growth and weight gain.

Double Strength *Liver Tonic* with Power of Natural Herb

DYZOLIV-FR

A LIVER TONIC

For Liver Detoxification

Double Strength Liver Tonic With Power Of Natural Herbs

Ferrous Gluconate 200mg, Liver Fraction 150mg, Silymarine 150mg, Nicotinamide 45mg, Thiamine Hydrochloride 5mg, Ferrous Chloride 5mg, Riboflavin (Vit B2) 80mg, Tri-choline Citrate 100mg, Calcium Lactate 300mg

Presentation

200 ml 500 ml 1 lt 5 ltr

DOSAGE:

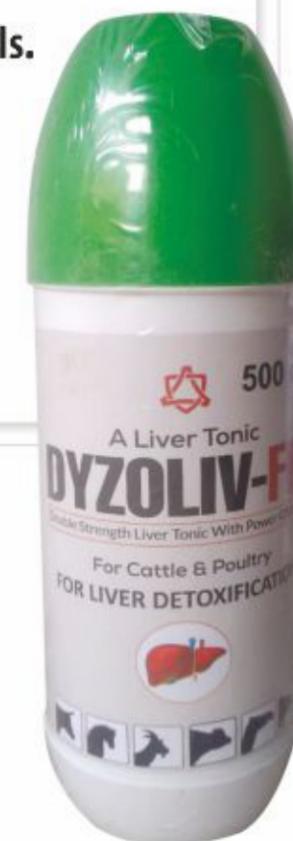

50 ml for Large Animals

10-20 ml for Small Animals

- ▶ Highly effective form of herbal extracts
- ▶ Iron Enriched Liver Tonic For Cow, Pig, Poultry & Farm Animals.
- ▶ Helps in Liver Regeneration.
- ▶ Growth Promoter, Energy Booster and Immunity Booster For Animals.
- ▶ Liver Tonic with Silymarin, Iron & Vitamins & Mineral to protects liver.
- ▶ Improves Overall health.

INDICATIONS

- Hepatic Dysfunction
- Low appetite
- Hepatitis
- Jaundice
- Anemia
- Cirrhosis of Liver
- Fatty Liver Syndrome
- Anorexia due to sluggish Liver
- Supportive therapy in antibiotic and antiparasitic drug therapy

Ionic Calcium Rich Gel, Maintain Calcium levels & Helpful in milk fever

Aadcal Gel

Calcium (Ionic Source) 6600mg, Phosphorus 3400mg, Magnesium 1000mg, Calcium chloride 500mg, Vitamin B₁₂ 400mcg, Vitamin D₃ 32000 I.U., Pueraria mirifica 250mg

- ▶ Aadcal Gel maintains availability of Calcium, Phosphorus, Vitamins & galactagogue herbs to improve strength and immunity.
- ▶ It helps in protecting from the Milk Fever, support udder management, strengthens against stress, anxiety and support daily calcium requirement in developing and adult animals.
- ▶ Vitamin D3 helps in faster absorption of Calcium through intestine.
- ▶ Vitamin B12 in energy generation by propionate utilisation in mitochondria.

BENEFITS:

- ▶ Helpful in Hypocalcemia, Milk
- ▶ Fever & its associated complications.
- ▶ Promote increase in milk yield.
- ▶ Favours the normal contraction of uterus normal Calving & timely expulsion of placenta.

DOSAGE:

Give one bottle at the first sign of calving and give another bottle for 6 to 12 hours post calving, repeat every 12 hours as needed or as directed by Veterinarian. A post calving dose of Aadcal Gel is very beneficial.

To treat Mastitis and Systemic Infections **Surely | Rapidly | Conveniently** with...

AADCEF-3GM

Ceftriaxone 3000mg

INJECTION

- ▶ Ceftriaxone has affinity to bind and accumulate in tissues of mammary glands
- ▶ Concentration of drug remains more than 96 hours when given I.V.
- ▶ Ceftriaxone has highest bioavailability and quickly distributed in all organs and tissues

BENEFITS:

- ▶ Cure Mastitis
- ▶ Genito Urinary Infection
- ▶ Pyometra
- ▶ Cure Wooden Tongue Ruminitis
- ▶ Prevent Fibrosis
- ▶ Treat Pneumonia
- ▶ Treat Tuberculosis (T.B)
- ▶ Obtain High Cure Rate
- ▶ Prevent Loss of Treat
- ▶ Restore Early Quality Milk

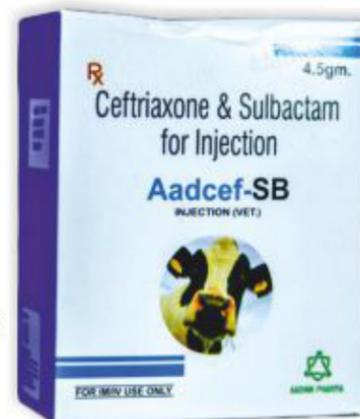

DOSAGE:

30 mg/kg body weight every 6-8 hours or as directed by veterinarian

The Trusted Deep Seated Infections Clean with...

AADIFUR

Ceftiofur Sodium 1gm

INJECTION

Presentation
1 gm Ceftiofur Vial with 20ml

- ▶ A Powerful antibacterial medicine.
- ▶ Controls respiratory disease.
- ▶ Saves from fatal diseases like Pneumonia.
- ▶ Decreases risk from urinary tract infections.
- ▶ Kill harmful germs like bacteria by inhibition of cell wall synthesis.
- ▶ Makes healthy uterine & reproductive organs.
- ▶ Remains pathogen free pulmonary vessels.
- ▶ Improves immunity against harmful germs.
- ▶ Uses to avoid bovines from foot rot, pododermatitis.

BENEFITS:

- ◉ Bacterial pneumonia
- ◉ Respiratory tract infections
- ◉ Interdigital necrobacillosis (foot rot, pododermatitis) in cattle
- ◉ Mortality in early period mainly due to E coli, staphylococcus, Pasturella
- ◉ Colibacillosis

DOSAGE:

Large Animals 1-2 mg/kg. Body Wt.

Once Daily for 3-5 Days Administration I/M Route Only

The Trusted Antibiotic to kills infections on the spot

The Safer & Stronger Corticosteroid with Multiple Benefits...

MEGAFLUD

Isoflupredone Acetate

INJECTION

Presentation

Vial of 5 ml, 10 ml

- A potent corticosteroid that reduces inflammation and treats conditions like ketosis and arthritis.
- Isoflur Injection offers exceptional relief for bovine ketosis and various inflammatory conditions in livestock.
- Formulated with Isoflupredone Acetate (2 mg/ml), it effectively treats conditions such as laminitis, arthritis, myositis, and pneumonia, making it ideal for large animals like cattle, buffaloes, and horses.
- This injection also provides targeted relief for joint pain, muscle inflammation, and metabolic disorders.

BENEFITS:

- Bovine Ketosis
- Laminitis
- Traumatic Arthritis
- Osteoarthritis
- Myositis
- Mastitis
- Metritis
- Pneumonia

DOSAGE:

Cattle & Buffaloes: 5–10 ml, deep intramuscular injection.

Horses: 2.5–10 ml, deep intramuscular injection.

Small Animals: 1 ml/10 kg body weight for local effect directly into the joint cavity.

Always administer under the supervision of a veterinarian.

Fast-acting relief for inflammation and allergies

More Favourable Environment for Beneficial Ruminal Microflora

ADDPREE

Probiotics, Enzymes, Amino Acids, Nutritional Supplement

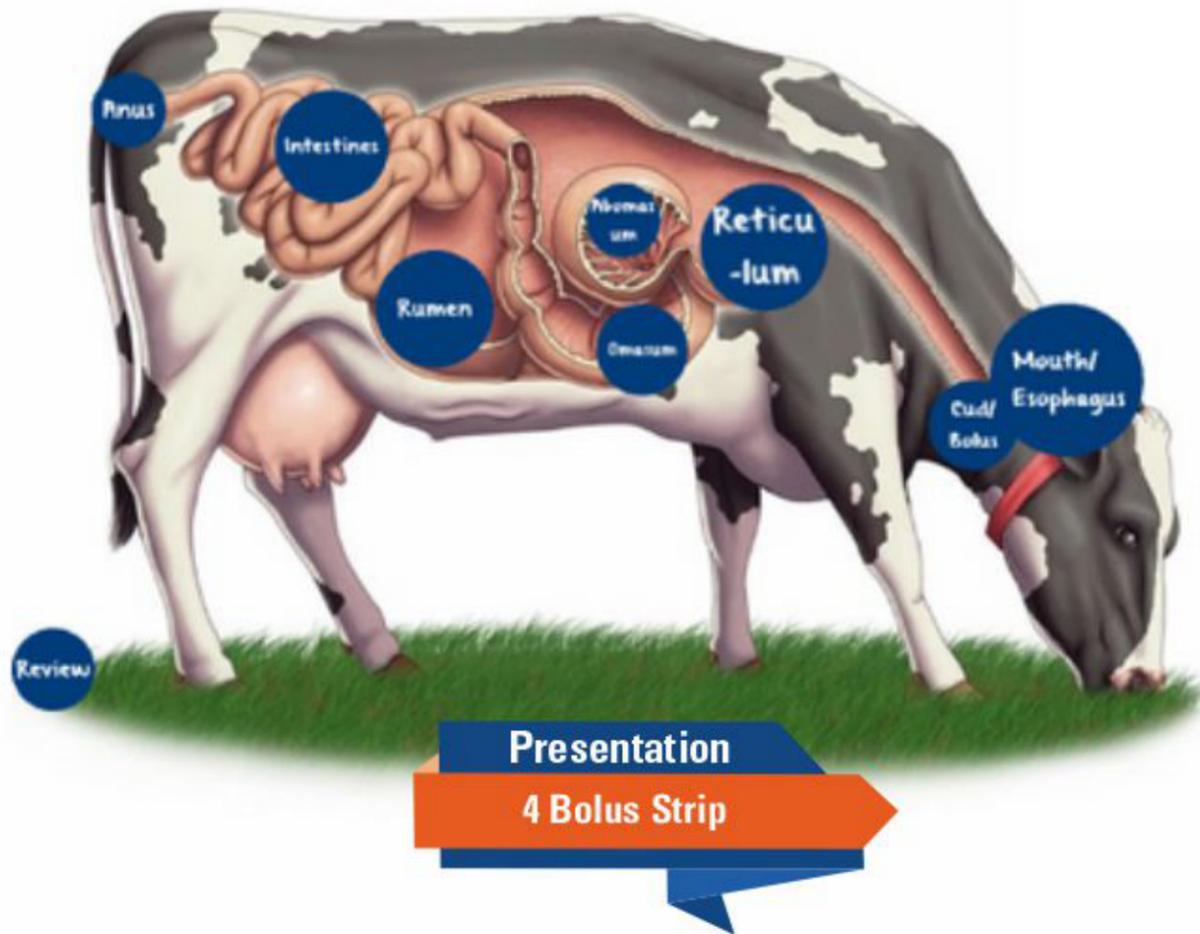

BOLUS

01 GOOD NUMBER OF MICROFLORA
Live yeast culture
Probiotics / Prebiotics

02 VITAMIN SYNTHESIS
Seafloa

Wound Healing Spray With Fly Repellent/maggotocidal Effect With Excellent Topical Use In All Type of Skin Disease

ASPRAY-DS

Turpentine Oil 8 v/w, Neem Oil 25 v/w, Karanja Oil 17 v/w, Devdaru 5 v/w, Nilgiri Oil 2 v/w, Karpura 3 v/w

Herbal Spray

- ▶ ASPRAY DS topical preparation is highly useful to support early recovery from wounds
- ▶ Protect from bacterial load and keeps animal skin free from risk of maggots, flies, ticks, eczema and dermatitis.
- ▶ ASPRAY DS helps in providing soothing effect to skin and keep it moist.

BENEFITS:

- ▶ All types of wounds including deep seated wounds like. FMD/LSD/surgical/accidental/lesion due to skin infection etc.
- ▶ Dermatomycosis, ringworms.
- ▶ Maggot infested wounds and broken horns.

DOSAGE:

- ▶ Clean the affected part by the cotton & spray
- ▶ ASPRAY DS to cover the wound completely, this process should be repeated 3 to 4 times daily till the affected part is healed.

Booster**

Presentation

500ml, 1 ltr, 5ltr & 20ltr

EDDYCAL VET AD3 Liquid is a milk booster that helps to enhance milk yield in dairy animals by offering high level of energy for maximum production and growth.

It helps to improve digestibility of the feed intake and the animal is able to absorb the nutrients in the feed, which is the primary source of providing calcium and phosphorus in lactating animals.

BENEFITS:

- Enhance milk production
- Ensures stronger bones and better growth
- Improve appetite and digestion
- Ensures higher bioavailability
- Promote absorption of calcium
- Ensures improved vigour and energy

DOSAGE:

- Cow, Buffalo & Horses: 50-100 ml daily
- Calf, Colt, Foal: 30-50 ml daily
- Sheep & Goat: 20 ml daily or as directed by Veterinary Consultant.

To Eliminate Pain and Other Signs of Inflammation...

MAXPM

Meloxicam 5mg+Paracetamol 150mg+Benzyle Alcohol 1%w/v **INJECTION**

Presentation

100 ml

- ▶ Meloxicam effectively reduces pain and inflammation, especially in musculoskeletal and osteoarthritic conditions.
- ▶ The combination of Meloxicam and Paracetamol provides a comprehensive approach to pain and inflammation, ideal for moderate pain.
- ▶ This high-strength combination is suitable for large animals or cases requiring stronger, longer-lasting pain relief.

BENEFITS:

- ▶ Relieves pain in FMD and foot rot
- ▶ Lameness & Weakness
- ▶ Reduce pain during pro lapse of uterus
- ▶ Fever associated with arthritis
- ▶ Pyrexia of known & unknown origin
- ▶ All types of fever and inflammatory conditions
- ▶ Ephemeral Fever
- ▶ Mastitis pain and fever
- ▶ Post surgical pain
- ▶ Muscular & joint inflammation

Stimulates uterine contractions and helps to evacuate uterine debris

Alleviates the burning sensation, arrests bleeding and promotes healing

Regulate lochial discharge & to prevent uterine infection

Keeps cardiovascular tissues healthy & acts as analgesic, anti-inflammatory & antibacterial

Helps in Uterine involution

Helps to restore healthy & regular reproductive cycle

BENEFITS:

- Helps to enhance uterine contractions leading to complete removal of placenta and uterine debris after calving.
- Useful in repeat breeding, silent heat, retention of placenta and lochial discharge.
- Helps in proper lubrication & clearing of placenta from uterus.
- Helps in maintaining estrogen and promote ovulation.
- Helps in keeping uterus wall healthy.
- Promotes involution of uterus and milk production.

DOSAGE:

450 ml, instantly after parturition & repeat after 6 hours. For any other uterine related issues 150 ml / per day

Presentation

450 ml & 950 ml

After parturition, distokia, abortion or uterine infection proper cleansing of uterus is important for future normal physiological functions of uterus

AADCEF-TZ

Ceftriaxone Sodium 500 mg + Tazobactam 62.5mg

INJECTION

Presentation

562.5mg Vial

- ▶ **Aadcef-TZ** pet injection combination of Ceftriaxone and Tazobactam i.e. betalactamase inhibitor (antibiotic of third generation cephalosporin group) which has Gram-ive and Gram+I've activities both.
- ▶ **Ceftriaxone** crosses placental barrier and blood brain carrier, ceftriaxone level is much higher in CSF in case of meningitis.
- ▶ **Tazobactam** is effective in case of B-lactamase resistant bacterial infections.

BENEFITS:

- Lower respiratory tract infections
- Acute bacterial otitis media
- Skin infection
- Bacterial septicaemia
- Bone and Joint Infections
- Intra-abdominal Infections
- Surgical Prophylaxis
- Meningitis
- Pelvic Inflammatory Disease

DOSAGE

Ceftriaxone Tazobactam / Aadcef TZ Pet can be in given 15-25 mg/kg every 24 hours for 3 to 5 days

Double the power to tackle tough infections
